

Kidsafe Playground Training Course is coming to Darwin!

In partnership with our Registered Training Organisation (*Kidsafe WA – National Provider Number 52376*), Kidsafe NT is pleased to be able to offer the following training in February 2019.

Operational Inspection Course

This two day nationally recognised training course incorporating *AHCPGD305 Conduct operational inspection of park facilities*, will provide participants with the knowledge and skills to conduct operational (monthly to quarterly) inspection of park and recreational facilities to identify hazards, existing and potential risks, non-conformities with Australian Standards, and workplace health and safety requirements.

Cost: \$1100pp (GST is not applicable) Discounts are available for multiple attendees from the same organisation, please enquire further for a quote for your organisation.

Who should attend?

Individuals who are responsible for operational inspections of park and recreational facilities. These include but are not limited to traditional, indoor, natural and nature playgrounds, and those either responsible for routine maintenance or in a supervisory or maintenance role (operational course).

Why undertake training with Kidsafe?

Kidsafe has been delivering Playground Inspections, Education, Information and Consultancy services since its inception and is widely renowned for its knowledge and expertise in this area. Kidsafe has a national representative on the Standards Australia committee for Playground Standards.

When & Where?

Tuesday 18th and Wednesday 19th February 2019 (8.30 to 4.30)
Kidsafe NT Office - 1/13 Bishop St Woolner NT
